

BODSHAM WALKS; 60-90 minute walk

60-90 minute walk

From the Smithy turn left, at the pub turn left and just past the farm buildings cross the stile and head diagonally across the field. Cross over the stile and head diagonally across the next field.

During September/October mushrooms are in abundance in this field. Cross the stile and either cross the next one or pass through the gate to the left. Follow the edge of the field and cross the stile to the road.

At the corner of the drive (Podlinge) and the road cross the stile and diagonally across the field, follow the path through the woodland exiting into a valley of fields and woodland of great beauty. Follow the path initially diagonally downwards then along the edge of the woodland and across a stile. Head diagonally across the field through the gate and up the other side to the gate; exit onto the road.

Turn left and follow the road passing a few houses and note the view across the valley to Waltham church.

As the road starts to descend turn left onto the driveway to the house and keep left taking the footpath between two fields. Follow this path through a few gates. When you enter a field keep left and pass through the gate then right through another gate exiting onto the road.

Turn left and follow this road/driveway through Grandacre farm and cross the field on the other side. Follow the footpath until you exit onto the road and then turn left and take the road back into Bodsham.
